DISEASE OUTBREAKS IN LOW AND MIDDLE INCOME COUNTRIES **LONDON SCHOOL OF HYGIENE & TROPICAL MEDICINE**

The course covered topics on outbreak preparedness and control, including content on the multidisciplinary teams involved in outbreak response. Students from around the world learned through lectures and articles by experts in the field.

STUDY REQUIREMENT

3 weeks, 4 hours per week

LEARNING OUTCOMES

- Describe and define what outbreaks are and their impacts
- Describe how we prepare for and respond to outbreaks
- Explore future approaches to outbreak preparedness and response

SYLLABUS

The course is divided into three broad sections:

- What are outbreaks and why do they matter?
- How do we prepare and respond to outbreaks?
- What is the future of outbreak preparedness and response?
